

On the other side of the mirror on earth lies the parallel dimension of **Ventara** - a world destroyed by the evil alien, **General Xaviax**.

The **KAMEN RIDERS** were warriors from Ventara who fought Xaviax with armor and abilities powered by their **Advent Decks**. Unfortunately, Xaviax stole the Advent Decks and defeated all Riders but one.

Kamen Riders Wing Knight is the stole surviving Kamen Rider- the only man who can stop Xaviax from destroying Earth the same way he destroyed Ventara. To defeat Wing Knight, Xaviax brought the Advent Decks to earth and tricked ordinary citizens into becoming new Kamen Riders- super - powered soldiers who will carry put his evil plans.

After his father's mysterious disappearance, **Kit Taylor** finds Advent Deck and becomes **Kamen Riders Dragon Knight**. He joins forces with Kamen Riders Wing Knight to defeat the ten corrupt Kamen Riders that Xaviax sends against them. By fighting, the two hope not only to save the earth from Xaviax's domination, but to find Kit's missing father and win back Ventara as well.
