FIDEL... La historia no contada

Sin duda, el documental más genuino e histórico sobre la vida de una de las figuras más controversiales e influyentes de nuestros tiempos: FIDEL CASTRO

Filmado en 35mm, el documental tuvo completo acceso a los archivos estatales Cubanos así como a entrevistas exclusivas con el mismo Castro.

La historia se desarrolla a través de las palabras de ALICE WALKER, SIDNEY POLLACK, TED TURNER, MUHAMMAD ALI, HARRY BELAFONTE, ARTHUR SCHLESINGER Jr., el congresista Americano CHARLES RANGEL, el ex fiscal General de los Estados Unidos, RAMSEY CLARK, el ex diplomático norteamericano en la Habana, WAYNE MITH y otros.

Familiares y amigos, como el premio Nóbel GABRIEL GARCIA MARQUEZ, también ofrecen una ventana a la poca conocida vida personal de Fidel Castro.
