

SWARMED

Un enojado enjambre de avispas genéticamente alteradas se ha escapado del laboratorio donde científicos trataban de inventar un pesticida de gran alcance diseñado específicamente para matar a avispas. El enjambre comienza rápidamente a reproducirse y pronto desciende sobre un pequeño pueblo. Cuando incluso los más potentes insecticidas fallan en librar a la ciudad aterrorizada ante la mortal amenaza, llega el científico Kent (Michael Shanks) con métodos más eficaces para vencer a la madre naturaleza.

An angry swarm of genetically enhanced wasps has escaped from the laboratory where skilled scientists had been attempting to concoct a powerful pesticide specifically designed to kill wasps. A vicious swarm of experiment subjects quickly begins reproducing and soon descends on a small Midwestern town. When even the most powerful industrial-strength pesticides fail to rid the terrified town of the deadly flying menace, it's up to scientist Kent (Michael Shanks) to come up with a more effective means of beating nature's
